

30 June 2010

The fund aims to provide long term growth and is designed for investors who are looking for exposure to equity markets in the Pacific Basin region (excluding Japan) and Australasia. The fund invests predominantly in the shares of companies listed on the stock markets in the Pacific Basin and Australasia. The fund is actively managed by our investment team, who will select stocks to try to take advantage of opportunities they have identified.

The value of investments within the fund can fall as well as rise and is not guaranteed – you may get back less than you pay in. The fund may use derivatives for the purposes of efficient portfolio management, reduction of risk or to meet its investment objective if this is permitted and appropriate. The Sterling value of overseas assets held in the fund may rise and fall as a result of exchange rate fluctuations.
