

31 December 2019

The SL ASI UK Ethical Equity Pension Fund invests primarily in the ASI UK Ethical Equity Fund. The aim of the ASI UK Ethical Equity Fund is summarised below.

The fund aims to provide long term growth by investing in a diversified portfolio of UK equity assets that meet our strict ethical criteria. These criteria are agreed with the Standard Life Ethical Funds Advisory Group and may be amended from time to time if considered appropriate. The fund manager will exclude companies which fail to meet the ethical criteria whilst seeking to include companies whose business activities are regarded as making a positive contribution to society.

The value of any investment can fall as well as rise and is not guaranteed – you may get back less than you pay in.

Definitions

Volatility Rating (0-7) - The volatility rating of a fund indicates how much the fund price might move compared to other funds. The higher the volatility rating, the less stable the fund price is likely to be. You can use this to help you decide how much risk you're comfortable taking with your investments. Volatility ratings are calculated on a scale of 0-7.

Cash and Other - may include bank and building society deposits, other money market instruments such as Certificates of Deposits (CDs), Floating Rate Notes (FRNs) including Asset Backed Securities (ABSs), Money Market Funds and allowances for tax, dividends and interest due if appropriate.
